EDUCATION

High School

La Martiniere College

06/2018 - 06/2020

Batchelor of Technology

SRM Institute of Science and Technology

08/2020 - Present

9.33 CGPA

Courses

- Computer Science Engineering

PERSONAL PROJECTS

Cricket Stats Analysis (06/2023 - 06/2023)

- In this project, we analyse the Century dataset of Virat Kohli and predict different outcomes and conclusions based upon various patterns.

Digital Library Management System (06/2023 - 06/2023)

- While going through multiple projects of database management systems for libraries, I came up with my personally developed database schema, specially designed for a digital library. I have formulated some new designs such that effective data storage and data retrieval process takes place.

Global-Terrorism (03/2023 - 06/2020)

- This project is a part of the Data Science and Business Analytics Internship at Sparks Foundation. The objective of this project is to perform Exploratory Data Analysis on the Global Terrorism dataset.

WORK EXPERIENCE

Data Science and Business Analytics Intern

The Sparks Foundation

06/2023 - 07/2023

Achievements/Tasks

- Performed Exploratory Data Analysis on the Global Terrorism dataset.
- As a security/defense analyst, the goal is to analyze the dataset and derive insights regarding terrorism incidents worldwide
- Analyze the dataset to identify regions or countries with a high frequency of terrorism incidents.
- Identify patterns and trends in the data that can provide insights into security issues related to terrorism.
